

Darrick Fabian

San Francisco, CA. • Please e-mail for full contact info • darrick@darrick.org

Objective

XHTML/CSS

As a graduate from the Academy of Art University it is my aspiration to obtain employment in the Interactive Design Industry with a focus on web design and its related technologies.

Education

Digital Imaging

In my pursuit of higher education at AAU I've been well-trained in the core aspects of both print and digital design. With these skills, and the related real-world training that I've received at AAU, I believe that I can make a successful jump into the professional design industry.

Qualifications

Flash

- Coding of XHTML/CSS without the use of wysiwygs
- Experience in the use motion graphics applications such as Flash
- Digital Imaging and Photo Manipulation
- Design Layout and Color Theory
- Digital Photography and Studio Lighting
- Computer Illustration
- Knowledge of Professional Printing Concepts
